WHAT IS CUNSLT ?

CUNSLT is a global micro-advisory app / platform. It offers 1 on 1 insight advice and guidance in self-improvement, education, skill, entrepreneurship and career advancement opportunities.

It is ideal for students / job-seekers / researchers and corporates (clients) as it connects them instantly with multiple experts (Advisors) in real time.

Clients can Browse and select their Advisor. They can Speak or Chat with Advisors from any location using their mobile phones or laptops on a pay-per-minute basis. The first minute free.

Questions can be about anything: Sector trends, Government Policy, Research topics, Study & Career options, Skill Development, Personal Experience, Motivation, Startups & Entrepreneurship etc.

The sky is the limit to what can be asked : from global to local, from general to specific, from conceptual to analytical.

Instant Call or Chat anytime, anywhere – with Multiple Advisors in Multiple Sectors.

COURSES

CUNSULT has the facility for specially tailored skill development courses on various subjects under each sector.

Advisors prepare courses of their choice following the Do-it-Yourself methodology prescribed by CUNSULT.

These courses can be subscribed (on payment basis) by Clients as modular, on-demand courses for self-improvement and knowledge- building in the various sectors. This way Advisors on the CUNSULT platform become more impactful and useful to a world-wide audience.

WHY CLIENTS SHOULD DOWNLOAD CUNSLT APP ?

Search engine flood us with raw, unprocessed information. Many times it can be confusing and misleading.

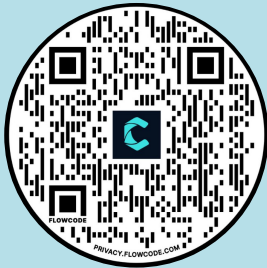

CUNSLT will

- Help in separating the facts from the rubbish and jargon
- Enable personalized consultation with real, live Advisors who will help to get to the truth and guide further, instantly on a Real-Time basis. Be a marketplace for instant quality advice.
- Provide answers and seasoned perspectives to various queries that the clients constantly have about future personal and professional prospects.
- Connect Client with Advisors all over the world to create a support system for the unskilled to enable them to learn multiple skills for new opportunities.
- Advisors share their accumulated knowledge and expertise with people who need to improve their situation. They give back to society and earn goodwill.
- They also have an incentive to polish their knowledge and remain updated along with earning a decent amount. Advisors gain goodwill and recognition. Knowledge share is knowledge doubled.
- Advisors also receive an honorarium. If an Advisor is able to have consultation for 2-3 hours a day, they can earn about 1,00,000 INR in a month just from home.

WHAT IS THERE FOR CORPORATES ?

- Institution and Companies can nominate an individual as an advisor to facilitate wider dissemination about their expertise and excellence.
- They can also buy ad-space, whereupon that Advisor's detailed profile will carry the banner ad of the concerned institution / company.
- They can get advice about government policies and sector developments from experts.
